# Red Hat Academy
free Webinar for Students

Accelerate your career options
with Red Hat Academy

Hello!

It is time to get you up to speed with the demands of the IT industry to increase your employability chances.

Employers have a huge demand for Open Source talent and Red Hat Academy offers course offerings that build the skills needed to embrace the challenges of IT jobs.

Get registered in our upcoming webinar to discover how Red Hat Academy can support you to improve your skills set once you enter the IT industry.

Date: 21st of October   **Time:** 1 pm – 2 pm (CEST)

Do not miss!
The first 100 registrants that attend the webinar will receive this cool Red Hat Academy electronic organizer as a give-away in appreciation of your collaboration and interest for the program.

During this webinar session, you will learn:

- Why Open Source, why Red Hat Academy?
- The Open Source curriculum.
- Certify easily! Now with remote exams.
- Share your knowledge: Learning Community Platform.
- Get hired! Graduate Program.
- Student Ambassador.

We will address this and other questions that matter to you during this session.

Looking forward to seeing you there!
Your Red Hat Academy Team
